

M-70 & S-70 SERIES

Heavy Duty Water Saver Spray Nozzles

Precision-made nozzles combining modern and innovative engineering.

Strahman nozzles are often noted as being the best on the market. Designed and built to withstand the most rugged applications, the operator can achieve any type of water stream needed for the job simply by applying pressure on the lever arm—from a soft spray to a strong, steady stream. This provides a convenient control that immediately shuts-off the water when the lever arm is released. The long rubber grip feels comfortable in the hand and the mechanical ease of the trigger spray assures a better cleaning with a lot less effort and less hand fatigue.

Available options for both series are:

- Bronze or all Stainless Steel construction
- Renewable and replaceable rubber covers in Black, White, and Red
- Comfortable, long handle grip for whole hand placement
- Stainless steel seat design prevents nozzle seat leakage
- Low Flow Option (in bronze only) is available
- One Year Limited Warranty

NOZZLE FLOW TEST		
WATER PRESSURE PSI	FLOW (GPM)	
	STANDARD NOZZLE	LOW FLOW NOZZLE
20	3 ¼	2 ¼
30	4 ¼	2 ¾
40	5 ½	3 ¼
50	5 ¾	3 ¾
60	6 ¾	4 ½
70	7 ½	4 ½
80	7 ¾	4 ¾
90	8 ¼	5
100	9	5 ½

Maximum water temperature:
200°F (93°C)

Maximum working pressure:
150PSI

Note: not suitable for steam service

M-70
Bronze

S-70
Stainless Steel

RUBBER COVER - BLACK

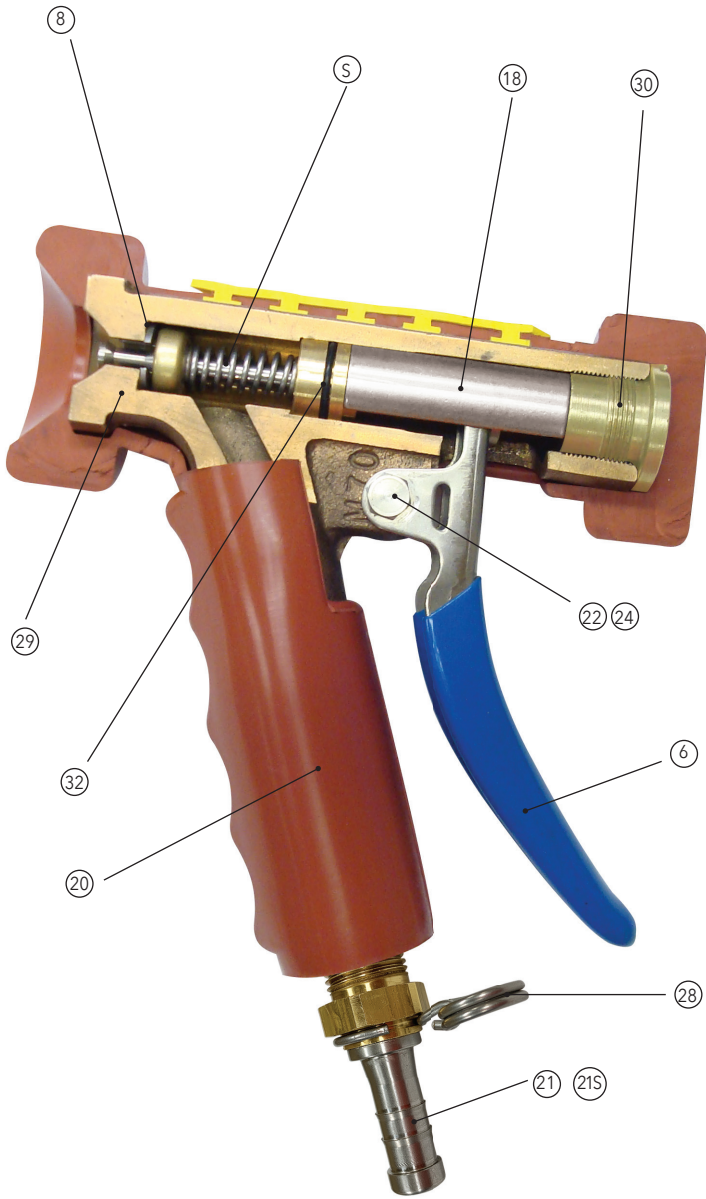

RUBBER COVER - RED

RUBBER COVER - WHITE
